## Ozone Monitoring – **ECO BADGE® KIT**

Development partner – Vistanomics, Inc.

### Concept:

The Eco Badge® Kit has become over the past 15 years the standard for inexpensive, easy to use, and superbly accurate method of measuring ozone both indoors and in ambient air.

### Technology:

Used throughout industry -- plant safety managers rely on it to pick up hot spots not discovered by the most sophisticated and expensive of monitoring systems. .

### Main Application:

Eco Badge Test Cards may be used throughout a facility to determine one hour and eight hour readings of ozone levels. This way, a plant safety manager or industrial hygienist can cover a large area accurately and inexpensively.

### Typical Specification:

The ECO BADGE ® Kit comprises:-

- Clipboard
- Lapel / pocket clip test card holder
- Re-sealable plastic pouch
- Zikua Test cards – (60-pack)
- ECO BADGE Reader card
- ECO BADGE instruction
- Ozone fact sheet
